As a member of our internationally operating consulting team you will work closely with our customers all over Europe and North America in the acquisition and realization of projects.

Typical tasks will be:

- Conduction of analyses and feasibility studies
- Implementation and realization of data transformation projects
- Support of smooth mergers, acquisitions, divestitures and internal reorganization of SAP landscape
- Active support and innovation of our existing portfolio of services

Your team

“What I like about Datavard is the possibility to turn the ideas of my team into reality”.

Peter Hanzel
Vice President Global Delivery

Who you are

- Minimum of 5 years hands on working experience with the SAP FI/CO module
- Expertise of SAP data migration tools
- Experience in programming ABAP and SAP DDIC
- Communication skills and willingness to learn
- Excellent English and German skills in speaking and writing
- Ability to work remotely, willingness to travel

Nice to have

- Experience in the IT industry
- Knowledge of SAP

What we offer

- A comprehensive training and onboarding program supplemented by individual and team training opportunities
- Cooperation with technical experts and consultants worldwide
- A future-proof workplace in an innovative, dynamic and international working environment

02 BENEFITS & APPLICATION

Benefits

- Attractive compensation package
- Flexible working hours and home office allow you to combine work and free time
- Worldwide health insurance coverage for yourself and your family
- Language training and other advanced training opportunities
- The company pension scheme closes your pension gap at old age

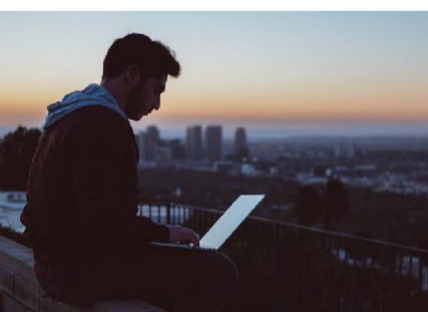

How to apply

Send your CV in English or German to jobs@datavard.com. If your profile meets our requirements, we will get in touch with you soon.
