

SENIOR SAP BW CONSULTANT (m/f/d)

🕒 FULL TIME

📍 GERMANY – SWITZERLAND – SLOVAKIA

We are an international software and consulting company providing SAP solutions in the areas of data management, test automation, system landscape optimization (SLO) and SAP HANA implementations. The company was founded in 1998. DATAVARD currently employs around 220 people and has its headquarters in Heidelberg with offices in Hamburg, Slovakia, Singapore, Switzerland and in the US.

01

JOB DESCRIPTION

What you will do

- Help our customers to keep their SAP BW systems flexible following daily business changes and optimizing their landscape by system consolidations (e.g. divestitures)
- Planning, supporting and realizing BW projects while restructuring the existing data model and reporting layer to meet new business requirements
- Actively promoting and innovating our existing service portfolio
- Supporting the sales team with the acquisition of new business
- Supporting analyses and feasibility studies
- Improvement of the architecture of customer specific innovative solutions

Your team

“What I like about Datavard is the possibility to turn the ideas of my team into reality”.

Peter Hanzel
Vice President Global Delivery

Who you are

- Experienced in ABAP coding (e.g. object-oriented programming, solution architecture, product development responsibility)
- Functional experience in BI/BW - ETL process, creation of data models, business requirements implementation, BW landscape implementations
- BW related migration project experience – migration via SAP LT / SAP DMO, migration projects to BW4 / BW on HANA
- Team player, communication skills, willingness to learn
- Customer and partner-oriented way of working
- Ability to work in an internationally operating consultant team
- Fluent in German and in English
- Willingness to travel (0-50%)

What we offer

- A comprehensive training and onboarding program supplemented by individual and team training opportunities
- Cooperation with technical experts and consultants worldwide
- A future-proof work in an innovative, dynamic and international work environment

02

BENEFITS & APPLICATION

Benefits
