

## Overview

Company Name: Kellogg's  
Industry: Food Manufacturing

## Business Challenge

Requirement to carve out Latin American business into dedicated cloud system

## Datavard Solution: Transformation Suite

## Summary

When Kellogg's was required to carve out company codes that only related to Latin America, Datavard was able to execute the transfer for those company codes to the cloud while leaving all other North America related data behind. As part of the carve-out, the SAP system in scope was upgraded to the latest SAP Release and Enhancement Pack (EHP) level.

## Highlights and key figures

- 8TB of data was successfully carved out and transferred to the cloud
- Near-Zero-Downtime (NZDT) implemented and completed successfully
- Database upgrade completed
- Unicode Conversion completed
- Datavard Validate was utilized to accelerate testing
